

THE *sir*
DONALD BAILEY ACADEMY

LABOR OMNIA VINCIT

Update to parents 08.03.21

Good Morning,

This was certainly not the morning we had planned for our first day back at school! We can understand how upset and disappointed the children are, as are we. Unfortunately, these things do happen, and the safety and well-being of the children/staff is the priority.

Hopefully, you would have all received the text with information about the isolation period. **YOUR CHILD WILL ONLY NEED TO ISOLATE IF THEY WERE IN SCHOOL ON FRIDAY 5th.** It is only your child who needs to isolate, unless they develop symptoms- then the household will also need to isolate.

Our F2 classes will be back open Monday 15th, meaning all children can attend from this date. We are already looking forward to welcoming all children back to school 😊

We will use Tapestry to send out some Home Learning tasks over the next few days. These will all be sent via Tapestry. There will be no paper packs to collect. As I'm sure you can appreciate, it does take time to think of/prepare the Home Learning tasks so please bare with us.

The Parents Evening calls will go ahead as planned this week. The times may be slightly different due to the change in circumstances. The paper Parents Evening slips will either be added on to Tapestry or handed out next week when we are back in school.

Again, please accept our apologies for the sudden change in plan. We are already counting down the days to our return next Monday 🌟 Any 'Shoobox stories' can be brought in next week. We will wait until then to upload our World Book Day video.

Kind Regards

Foundation 2
