

# **Year 5: The Forge Curriculum Topic Map**

Academic Year 2024-2025

The Sir Donald Bailey Academy

Subject						
Science	Unit 5.1: Rocks and Caves	Unit 5.2: Earth and Space	Unit 5.3: Properties and changes of materials	Unit 5.4: Life Cycles	Unit 5.5: Forces	Unit 5.6: Sound
	<ol> <li>Classify rocks according to physical properties</li> <li>Investigate types of rock found locally</li> <li>Explain why certain types of rock contain fossils</li> <li>Explain why rocks and minerals found in different areas can vary</li> <li>Categorise the rocks found at different levels in the caves and explain how they formed</li> <li>Set up a fair test to investigate stalactite formation</li> <li>Make observations and draw conclusions</li> </ol>	<ol> <li>Name the planets and recall features</li> <li>Describe the movement of the Earth relative to the sun and other planets</li> <li>Demonstrate why we have day and night</li> <li>Describe the movement of the Earth in relation to the sun and the impact this has on the seasons</li> <li>Describe the phases of the moon</li> <li>Understand what space is and illustrate the distance between the planets and the sun to scale</li> </ol>	<ol> <li>Sort materials according to whether they are magnetic and/or conduct electricity</li> <li>Plan an investigation into the absorbency of different materials (Viking clothing)</li> <li>Present findings from our investigation and demonstrate which material would be best suited for Viking clothing</li> <li>Separate materials through evaporation</li> <li>Extract clean salt from dirty sea water</li> <li>Recognise reversible and irreversible changes</li> <li>Design an investigation into the effects of sugar on fermentation rates</li> <li>Draw conclusions about the relationship between the amount of sugar and fermentation rates</li> </ol>	<ol> <li>Describe different stages of the human life-cycle</li> <li>Describe the process of reproduction in plants</li> <li>Compare life-cycles of different animals</li> <li>Compare life-cycles of plants and animals</li> </ol>	<ol> <li>Identify the effects of friction</li> <li>Carry out an investigation into shoe grip</li> <li>Describe the forces acting on a falling object</li> <li>Describe the effects of air resistance on a falling object</li> <li>Investigate the effects of air resistance on a falling object</li> <li>Recognise that mechanisms allow a smaller force to have a greater effect</li> <li>Recognise that pulleys allow a smaller force to have a greater effect</li> </ol>	<ol> <li>Describe how sound travels through a medium to the ear</li> <li>Label the parts of the ear and describe how they respond to sound</li> <li>Investigate the relationship between pitch, volume and distance from the sound source</li> <li>Explore how sounds travel through different media</li> <li>Describe how sounds travel through water</li> </ol>
History	Unit 5.1: Esca	pe from Pompeii	Unit 5.2: Anglo-S	axons and Vikings	Unit 5.3: The Engli	sh Civil War
	<ol> <li>Recount the events that took place in</li> <li>Interpret a written source to build a pin AD 79</li> <li>Describe an everyday Roman scene in</li> </ol>	picture of the eruption of Mount Vesuvius	<ol> <li>Describe what happened in Britain aft</li> <li>Describe life in an Anglo-Saxon village</li> <li>Decide whether an Anglo-Saxon Kingreasons</li> <li>Explain why Vikings raided Anglo-Sax</li> <li>Describe everyday life in a Viking Sett</li> <li>Identify the distribution of Viking sett</li> </ol>	e dom was a fair place to live and give on Kingdoms dement	<ol> <li>To sequence events relating to the Ed.</li> <li>To recall some of the causes of the Ed.</li> <li>To explore what the civil war means of the Ed.</li> <li>To use written source form 1646 to le Newark</li> <li>To describe what life was like in New why it was important</li> <li>To place the three sieges of Newark in To describe some of the main consection.</li> </ol>	nglish Civil War for Newark earn about the events in and around ark during the Civil War and explain n the context of the Civil War
Subject						
Geography	1. Describe the location of five famous \	nd a physical process that affect them ut climate iebla live in Pueblo so close to Mount	<ol> <li>Unit 5.2: Scandinavia (a co</li> <li>Describe the extent of the location</li> <li>Investigate the climate and biom</li> <li>Investigate how land use in Sweet</li> <li>Investigate population density in</li> </ol>	es of Sweden den affects trade	1. Investigate the largest mountain 2. Locate Ben Nevis and describe th 3. Identify mountain ranges around 4. Describe the topography of Mountain	ne land use in the wider area the world

Subject						
RE	Unit 5.1: What is the best way for a Sanatani/Hindu to show commitment to God?	Unit 5.2: Is the Christmas story true?	Unit 5.3: How can Brahman be everywhere and everything?	Unit 5.4: How significant is it for Christians to believe, God intended Jesus to die?	Unit 5.5: Do the beliefs in Karma, Samsara and Moksha help Hindu's lead good lives?	Unit 5.6: What is the best way for a Christian to show commitment to God?
	Focus Religion: Hinduism	Focus Religion: Christianity	Focus Religion: Hinduism	Focus Religion: Christianity	Focus Religion: Hinduism	Focus Religion: Christianity
	Theme: Prayer	Theme: Christmas	Theme: Hindu beliefs	Theme: Easter	Theme: Beliefs	Theme: Beliefs and practices
	Concept: worship	Concept: Incarnation		Concept: Salvation	Concept: Moral values	
					Local Agreed Syllabus Links 4.1 The journey of life and death	Local Agreed Syllabus Links 6.3 Beliefs in action in the world
PHSE	Unit 5.1: Being Me in My World	Unit 5.2: Celebrating Differences	Unit 5.3: Dreams and Goals	Unit 5.4: Healthy Me	Unit 5.5: Relationships	Unit 5.6: Changing Me
	<ol> <li>My year ahead</li> <li>Being a citizen of my country</li> <li>Year 5 responsibilities</li> <li>Rewards and consequences</li> <li>Our learning charter</li> <li>Owning our learning charter</li> </ol>	<ol> <li>Different cultures</li> <li>Racism</li> <li>Rumours and name calling</li> <li>Types of bullying</li> <li>Does money matter?</li> <li>Celebrating difference across the world</li> </ol>	<ol> <li>When I grow up (my dream lifestyle)</li> <li>Investigate jobs and careers</li> <li>My dream job. Why I want it and the steps to get there</li> <li>Dreams and goals of young people in other cultures</li> <li>How can we support each other?</li> <li>Rallying support</li> </ol>	<ol> <li>Smoking</li> <li>Alcohol</li> <li>Emergency aid</li> <li>Body image</li> <li>My relationship with food</li> <li>Healthy me</li> </ol>	<ol> <li>Recognising me</li> <li>Safety with online communities</li> <li>Being in an online community</li> <li>Online gaming</li> <li>My relationship with technology: screen time</li> <li>Relationships and technology</li> </ol>	<ol> <li>Self and body image</li> <li>Puberty for girls</li> <li>Puberty for boys</li> <li>Conception</li> <li>Looking ahead 1</li> <li>Looking ahead 2</li> </ol>

Subject				<u>'</u>				<u>'</u>
Art	Unit 5.1: Roman Pottery (using the clay artefacts from Pompeii as a stimulus for clay work. What did the pots and jugs look like? How would they have been decorated?)  Aims  • Produce creative work, exploring their ideas and recording their experiences; • Become proficient in drawing, painting, sculpture and other art, craft and design techniques; • Evaluate and analyse creative works using the language of art, craft and design.  Subject content: • To create sketch books to record their observations and use them to review and revisit ideas To improve their mastery of art and design techniques, including drawing, painting and sculpture with a range of materials [for example, pencil, charcoal, paint, clay].				Unit 5.3: The Northern Lights (consider how artists have represented the night sky (Van Gogh, Starry Night, and look at representations of the Northern Lights. Progress to using stencils to provide silhouettes of landscapes to be offset by the Northern Lights  http://www.thatartistwoman.org/2015/01/northern-lights.html . Link to work on Scandinavia.  Aims  • produce creative work, exploring their ideas and recording their experiences  • become proficient in drawing, painting, sculpture and other art, craft and design techniques  • evaluate and analyse creative works using the language of art, craft and design  • know about great artists, craft makers and designers, and understand the historical and cultural development of their art forms.		Unit 5.4: Mountains in Art (compare and contrast artistic representations of mountains from the impressionists with representations in Chinese art.  Explore techniques and build to a final piece painting based on what pupils have learned.)  Aims  • Produce creative work, exploring their ideas and recording their experiences; • Become proficient in drawing, painting, sculpture and other art, craft and design techniques; • Evaluate and analyse creative works using the language of art, craft and design; • Know about great artists, craft makers and designers, and understand the historical and cultural development of their art forms.	
				evisit ideas of art and design techniques, g and sculpture with a range of encil, charcoal, paint, clay]	<ul> <li>Subject content:         <ul> <li>to create sketch books to record their observations and use them to review and revisit ideas</li> <li>to improve their mastery of art and design techniques, including drawing, painting and sculpture with a range of materials [for example, pencil, charcoal, paint, clay]</li> </ul> </li> <li>about great artists, architects and designers in history.</li> </ul>		Subject content:  • To create sketch books to record their observations and use them to review and revisit ideas; To improve their mastery of art and design techniques, including drawing, painting and sculpture with a range of materials [for example, pencil, charcoal, paint, clay]	

Unit 5.1: Our community	Unit 5.2: Solar System	Unit 5.3: Life cycles	Unit 5.4: Keeping Healthy	Unit 5.5: At the movies	Unit 5.6: Celebration
Musical focus: Performance	Musical focus: Listening	Musical focus: Structure	Musical focus: Beat	Musical focus: Composition	Musical focus: Performance
The song Jerusalem provides the basis for looking at changes over time.	Embark on a musical journey through the solar system. Exploring how our universe inspired composers.  The children move and play to a steady beat and to sound sequences.	Explore the human life cycle with a wide variety of musical moods, styles and genres.	From body popping and gospel singing, to singing and cycling, the children are taken through their paces, using musical techniques.	Explore music from 1920s animated films to present day movies.	A lively celebration in song for childrer to perform at a class assembly, a school concert or fate.

## **Additional Commentary**

## A. Curriculum Design

Rigour in planning and delivery, including excellent modelling, demonstrations and clarity is a pre-requisite for implementing curriculum design.

"Teachers teach techniques and a technique becomes a skill when it is applied independently"

Out of the three main designs for curriculum (knowledge, knowledge-engaged and skills-led), all subjects in our curriculum are knowledge-engaged. Knowledge engaged means knowledge is taught with a view to children applying this knowledge through thoughts, physical skills or actions. For example, in writing or problem solving. Reference can be made to Bloom's Taxonomy.

# B. The 'golden threads' in our curriculum are as follows:

- 1. Standards: pupil achievement in reading, writing, speaking & listening and maths (especially important in white working-class areas for children to go on and achieve);
- 2. Aspirations (typically white working class children lack aspiration for many reasons, and can often lack knowledge about 'pathways');
- 3. Cultural diversity and preparing children for 'Modern Britain'.

INTENT = TRUST LEVEL

IMPLEMENTATION = ACADEMY LEVEL

IMPACT = ACADEMY LEVEL AND TRUST LEVEL

## The Three 'I's of Curriculum

**INTENT:** The 'top level' view of the curriculum. It is 'what is on offer'.

**Key Question**: Why are children taught what they are in Forge schools?

Answer: The Executive Senior Leadership Team of the trust believe strongly that all schools should follow the National Curriculum Framework 2013. Approximately 80% of the content is

standardised in every year group, with 20% autonomy for schools to make 'local' decisions fitting the context of the school.

**Key Question**: Why were the curriculum decisions made?

Answer: Our catchment areas are predominantly White British, many of them serving areas of deprivation and challenge. As a result, we must equip children with the necessary basic skills in Mathematics, English and Science so that they can succeed in life. Being sufficiently skilled in these areas gives children 'currency' to go on and access higher qualifications and courses when they leave primary school. Therefore, **standards** are a golden thread in the curriculum that will give children the necessary cultural capital required. In our context it is imperative that we prepare children for life in modern Britain by making sure they are taught about different cultures and faiths. We aim for our children to be tolerant and understanding of people who appear to be 'different'; consequently **cultural diversity** is also a golden thread. In our schools, the social mobility agenda is very important given the nature of our catchments, therefore **aspiration** is another golden thread thoughout our curriculum. Linked closely to aspiration is our speaking and listening curriculum, that prepares children and builds their public speaking skills through four key areas: speaking skills; listening skills; awareness of audience and non-verbal communication.

## **Key Question:** Who made the curriculum decisions?

**Answer**: The curriculum in place is 'layered', with 7 stages to the planning process at The Forge Trust. Below is a description of each planning stage as well as key personnel who contributed at the various stages:

## Stage 1: Curriculum Map

Curriculum maps are in place for all Year Groups showing National Curriculum references for all subjects as well as coverage (local Curriculum/context 20% and National Curriculum 80% trust standardised). They also highlight our curriculum drivers: standards, cultural diversity and aspiration. The Executive Senior Leadership Team prepared this stage: the CEO, Deputy CEO, Consultant Principal and Principals. A high degree of control and expertise was imperative at this stage to ensure the highest quality and maintain a strategic overview.

**Stage 2**: **Medium Term Planning Support & Year Group Connections-**This document builds on the content taught in previous years. It includes learning objectives, success criteria and phases of lessons for each topic. It is a working document that is designed for subject leaders and teachers in each school to access so that standards in the subject can be measured and checked. Each topic has an **A4 Learning Journey and Assessment Concept Pyramid.** The CEO, Deputy CEO and Consultant Principal (ESLT) prepared this documentation liaising with the trust's network leaders to finalise the documentation ready for September 2020. This ensured standardisation of approach in each school and ensured assessment is mirrored in each school.

We have Learning Journeys in place and we use Concept Pyramids to assess in science, history, geography and RE. Concept Pyramids include the key concepts and vocabulary covered in a topic and these form the basis for assessment (pre and end tests). Assessment involves children completing pre and end-tests in books, and teachers can then measure progress at the end of the topic. Learning Journeys give an overview of the coverage highlighted in Stage 2 planning (Medium Term Planning Support and Year Group Connections). Teachers refer to these at the beginning of every lesson. A 'reflection box' is a feature of all Learning Journeys where children can reflect on what they have learnt and what they still need help with understanding. Teachers should use this information to aid feedback and next steps.

**Stage 3**: **Short-Term planning** (which includes individual lesson plans). Class teachers are fully responsible for their own planning, even where planning is shared between the teachers in a year group. They should use the medium term planning support to form their lesson plans, and ensure that they differentiate three ways in lessons (LA/MA/HA) so that all children are appropriately challenged.

#### IMPLEMENTATION: 'Curriculum is WHAT is taught not HOW' (Ofsted 2018)

**WHAT**: In core subjects, topics are taught in a systematic way to build on previous learning and ensure maximum understanding. Key vocabulary is highlighted and children have opportunities to use and apply their learning in every lesson. In subjects such as Science, RE, History and Geography topics have a concept wall containing key vocabulary linked to the topic. These concept walls form the basis of assessment criteria, but more importantly guide a meaningful learning journey where lessons are sequenced in a progressive way.

Note: subjects below follow the following schemes: In

RE schools follow the Notts Agreed Syllabus for RE

In Music schools use the Music Express scheme

In PSHE schools use a scheme called 'Jigsaw'. This sits alongside RSE (Relationships and Sex Education) and a Drugs and Alcohol scheme of work.

**Process:** 1. Teachers plan coverage of a topic listing key vocabulary and concepts on a wall. 2. The concept wall is used as a basis for pre-testing children to assess their knowledge at the start of a topic. 3. Children fill in their empty pyramid with three levels of words and concepts: level 1-words and concepts they already know; level 2-words and concepts they are familiar with but don't have a deep understanding of; level 3-words and concepts that they have no knowledge about at all. 4. The sequence of lessons on the learning journey (scheme of work) with explicit reference to the learning journey at each stage. 5. Reflections on what children have learnt and what they still find difficult are filled in on learning journeys, and an end-test relating to the concept wall is taken. Learning and progress can be measured against the pre-test.

**HOW:** Individual lessons have learning objectives and success criteria, and the trust's teaching and learning toolkit highlights the areas of the learning cycle that should be evident in a lesson. The toolkit also links to 'pedagogy' that teachers should employ in lessons.

#### **IMPACT**

Outcomes are assessed in reading, writing, maths and SPaG at a minimum of three assessment points per year (termly) so that we can accurately track each child. Where year groups are causing a concern, Principals can opt to assess half-termly. We have an exam based system, in line with the accountability system in place nationally. If children can answer questions that represent the taught curriculum in each year group correctly on an exam paper, then we believe that this proves impact. After all, exams are a part of life and provide children with the currency that children need to be succeed. However, although exam papers are only a 'tool' to measure in core subjects, they are not the only measure. We believe in high quality teacher assessment to back up summative judgements. These are linked to ARE grids (age related expectations) in each year group. High quality, ongoing formative assessment happens daily through marking and feedback. Work scrutiny will also show impact and learning.

#### Ofsted's definition of Curriculum

INTENT: 'A framework for setting out the aims of a programme of education, including the knowledge and understanding to be gained at each stage'.

IMPLEMENTATION: '...for translating that framework over time into a structure and narrative, with an institutional context'.

IMPACT: '...and for evaluating what knowledge and understanding pupils have gained against expectation'
